FOREWORD

This year's Annual Exhibition shows, as always, the abundance of talent and different approaches to photography.

Thank you to all who took their time and effort to submit the work. The exhibition would simply not exist without you.

I hope the catalogue will bring enjoyment and inspiration to all. Keep up the good work and till next year!

Agi Ch
DPS Exhibition Secretary

CHAIRMAN'S WELCOME

Image by Agi Ch

I would like to wish everybody a very warm welcome to the exhibition of work by members of The Disabled Photographers' Society for 2019.

I would like to thank Agi Ch who has once again done such a wonderful job as our exhibition secretary. This year Agi has found a new and very apposite venue, Northleigh House School, in which to hold our exhibition.

Northleigh House School specialises in helping young and vulnerable students and photography plays a large and very important part in its curriculum. My thanks go to the proprietors and all of the staff of Northleigh House School for allowing us to use their school in this very important way.

My sincere thanks also goes to our judge, Ray Spence, for his unenviable task of deciding this year's winning entries. That is often a difficult and thankless job and one which usually does not get the full recognition that it rightly deserves.

Many thanks also to Ruth Folkard, the Event Manager of The Photography Show from Future Publications. Ruth has kindly agreed to take time out of her very busy schedule to come and open our exhibition and to present awards to the winners.

Thanks also go to Bernard Hedderman, for his invaluable help in once again actually hanging the exhibition; we could not do it without him.

I hope that you now enjoy looking at this catalogue and the work submitted by members of the DPS and perhaps find some inspiration there too.

Tom Molloy HonFDPS
Chairman

COMMENTS FROM THE JUDGE

I originally trained as a Microbiologist having gained the degree at University College, London. My career as a commercial / fine art photographer and an educator has run in tandem. I currently Chair the RPS Distinctions Committee.

My work reflects my interest in natural forms especially the body, and the minutiae of life. I work in both digital and analogue media and have a particular interest in wet plate collodion. I have published many articles and books on photographic technique. My work is held in many private collections in the UK and the USA and the Permanent Collection of The Royal Photographic Society at The V&A in London.

I have known Agi Ch both as my student at university and as a friend, so I was delighted when she asked me to judge the DPS Annual Exhibition 2019.

Photography is a medium that can be enjoyed by everyone, regardless of age, gender or disability. As such I look at images with an open mind and try not to label anyone.

My favourite photographer was Josef Sudek - the 'Poet of Prague'. I even named my son after him. The fact that he only had one arm didn't prevent him from carrying and using large format cameras and tripods.

The images entered for the DPS exhibition showed a great variety of approach and subject matter. It was difficult to decide on the winners, and I'm sure there won't be agreement by everyone on my choices, but the important thing is that the DPS is thriving and I'm looking forward to seeing the final selection being exhibited at Northleigh House School.
