FOREWORD

Each year we receive hundreds of images that are entered into the Annual Exhibition by our members. It is my privilege and pleasure to see and sort them out for judging and then to compose from them the exhibition catalogue.
I do hope that like myself, you will find inspiration and admiration for what awaits you on all the pages of the
DPS Annual Exhibition 2021 catalogue. Well done to all the winners!

Agi Ch
DPS Exhibition Secretary

CHAIRMAN'S WELCOME

I would like to wish everybody a very warm welcome to the Annual Exhibition of work by members of The Disabled Photographers' Society for 2021, I would like to especially thank Agi Ch who has yet again done a terrific job as our exhibition secretary, considering the many difficulties we have all had to endure over the last 20 months.

My sincere thanks must also go to our Judge, Ravi Deepres for his unenviable task of deciding this year's winning entries. Judging can be a very difficult and thankless job and one which usually does not get the full recognition that it so rightly deserves.

Thanks must also go as ever to the many DPS members who have contributed their work, without which we would not be able to have an exhibition.

I am always amazed at the high standard that our members achieve, it just seems to get better and better each and every year.

My thanks also go to Bernard Hedderman, for his invaluable help once again, in actually hanging the exhibition; we simply could not do it without his help.

Wex Photo and Video Manchester is a new venue for the DPS and I hope it proves to be a popular one. We have held our exhibition at the Wex store in London many times, but this is the first time it has visited Manchester for our opening and presentation of awards, indeed it is our first foray north of Birmingham. I hope this will help our members in the north of the UK, and the wider public, to visit and be inspired by the work on display.

I hope that you now enjoy looking through this catalogue of work, which has been submitted by members of the DPS and perhaps find some inspiration too.

Tom Molloy HonFDPS
Chairman

COMMENTS FROM THE JUDGE

Award winning Artist, Photographer and Film Maker with an international reputation for focusing on the intersection of the still and moving image. Influences of identity, psychology, social conditioning, historical archives, and scientific/cosmological research constantly feed his practice. Expressed through conceptual documentary, choreographic and kinetically employed approaches his work is often a primal and sensory experience.
Embracing the potential of collaboration, and pushing the boundaries of innovative technology in creating new art and design languages.
His film and photographic installations for stage and screen focus on the symbiotic relationships of audience, choreography, sound, performance, design and kinaesthetics.

He collaborates frequently with choreographer, Wayne McGregor, on numerous projects from film design for dance performance, to photographic and film creations. He has also worked with other globally renowned choreographers, directors, musicians, including Saburo Teshigawara, Phyllida Lloyd, Michael Clark, Zoviet France, Shobana Jeyasingh.

Film design creations for stage, commissions, exhibitions, broadcast, collaborative and solo works have been presented around the world at high profile institutions including:
Palais Garnier, NY MET, Sadlers Wells, Hatton Gallery, Magnum photos, Impressions Gallery, Tate Britain, Ikon Gallery, Cornerhouse, The Lowry, Recontres Arles, Royal Opera House Deloitte Ignite 08, Guanzhou Photography Festival, Film and Video Umbrella, BBC, Channel 4, ITV, Winner of the Great North Run moving image award, The BRIT Awards.

"There was an excellent range of subject matter covered by the photographers and it was great to see so much connection and visual synthesis with nature in particular. I was really impressed with some of the conceptual, technical and composition skills on display. These submissions prove how important photography can be in offering an immediate engagement with the environments around us giving new possibilities of self growth and visual inspiration."
