Foreword

This year we have again received a large number of images to be entered into our annual competition, from which we draw this Annual Exhibition of our members' work.

We always aim to exhibit at least one print from every member who enters a print category, regardless of their award or disability, as our primary aim is to encourage our members to participate.

It has been our privilege and pleasure to see and sort the images out for judging and to then produce this exhibition catalogue from them.

We do hope that like ourselves you will find inspiration and admiration from what you see on the pages of this the abridged print version of the DPS Annual Exhibition 2024 catalogue. A full version may be downloaded as a PDF from our website.

WWW.THE-DPS.CO.UK

Many congratulations to all of the award winners!

The DPS Committee

Published by The Disabled Photographers' Society 2024 ©

THE CHAIRMAN'S WELCOME

Paul Hinchliffe
Chairman

I would like to warmly welcome everyone to the Annual Exhibition of work by members of the Disabled Photographers' Society, and to say a big thank you to The Art House in Wakefield, for allowing us to return and to hold this year's Exhibition in such wonderful surroundings.

The Judges did their job diligently, and it took several hours for them to complete the task. I would like to thank them for their hard work in making some difficult choices.

I wholeheartedly agree with their choices, and I offer my congratulations and thanks to all the DPS members who took the time and trouble to enter the competition and show us their hard work and creativity.

This year we have reintroduced a category specifically for those with a visual impairment, after a gap of several years. We used to struggle in years gone by to get sufficient entries to make it a competitive section, but thankfully it was well supported this year and we will now feature this section again next year.

We are greatly indebted to The Art House for hosting the event again this year and for giving us the privilege of using their premises to present the DPS Exhibition to the general public.

I hope that as you look through the following pages or view the images at The Art House you find inspiration in all the creative work on display from our members.

Paul Hinchliffe
Chairman

THE JUDGES

Paul Adams
(DPAGB ARPS FDPS APAGB)

I am a retired headmaster and now keen amateur photographer, living in Kent. I use Canon equipment and enjoy all styles of photography, aiming to produce a memorable image in whatever genre.

Currently, I am a member of Bexleyheath Photographic Society; as well as being a premier judge and lecturer for the Kent County Photographic Association.

I have been involved with the Disabled Photographers' Society for 25 years. Currently, I am General Secretary, but also act as an assessor on the Distinctions' Panel and as the Southern Counties Photographic Federation representative.

My muscular dystrophy is a chronic condition and I have been in a wheelchair for several years. The DPS has been very therapeutic in life.

Emily Ryalls

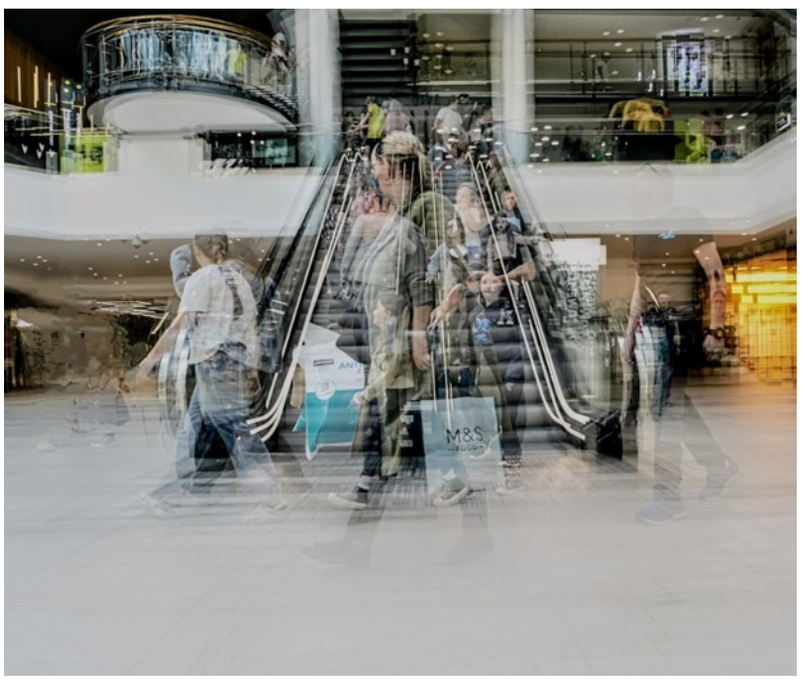

Emily Ryalls is an artist and curator based in Wakefield.

Her practice merges photography and performance to create spaces and works on the themes of lived experience and female representation.

She is interested in working with imagery that blurs the lines between a divided photographer/subject relationship, creating meaningful and collaborative works that can prompt conversation on the role of photography.

Emily Ryalls also designed and now manages the Darkroom at The Art House, facilitating workshops and supporting artists working in the space.
